By signing this order, you are certifying that:

- The patient has participated in a shared decision making session during which potential risks and benefits of CT lung screening were discussed.
- The patient was informed of the importance of adherence to annual screening, impact of comorbidities, and ability/willingness to undergo diagnosis and treatment
- The patient was informed of the importance of smoking cessation and/or maintaining smoking abstinence, including the offer of Medicare-covered tobacco cessation counseling services, if applicable.
- The patient is asymptomatic (no symptoms such as fever, chest pain, new shortness of breath, new or changing cough, coughing up blood or unexplained significant weight loss).
